• We recommend removing all water from the cloth after each use. The retained water can produce bacteria. See Fig. A.
• Do not wash the cloth with other laundry. The cloth should not come into contact with other laundry. Avoid products containing bleach or chlorine.
• If the cloth comes into contact with other laundry, the cloth may become stained. This may damage the product. See Fig. B.
• Do not soak the cloth in water. If the cloth is left in water, it may become stained. This may damage the product. See Fig. C.
• Do not wash the cloth in the washing machine. The cloth may become stained. This may damage the product. See Fig. D.
• Do not soak the cloth in water. If the cloth is left in water, it may become stained. This may damage the product. See Fig. E.
